

WHEN YOU NEED A CLEANER THAT ACTUALLY TICKS ALL THE BOXES

- ✓ **SAFE**
- ✓ **COMPLIANT**
- ✓ **COST EFFECTIVE**
- ✓ **TRULY GREEN**
- ✓ **INDUSTRY PROVEN**

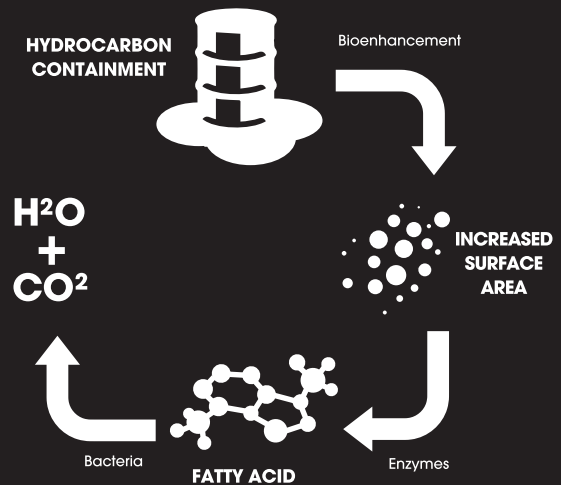

HERE'S THE SOLUTION

- Cost effective and manufactured from all RENEWABLE RESOURCES.
- Quickly and easily cleans and degreases fats, oils and greases from any water safe surfaces.
- Quickly transforms flammable and potential explosive spillages into harmless mixtures.
- Economical Concentrate with mix ratios of 2:1-100:1.
- Removes odours from floors, walls and ceilings.
- Leaves you with a safe non-slip surface that is oil or fat free.
- Eliminates the need for granules, absorbents, socks, pads and caustic chemicals.
- Helps you with your environmental mandate when dealing with liquid waste or EPA Discharge requirements.
- Easily applied using spray bottles, mops, floor scrubbers and pressure washers.

WHAT IS BIOREM 101?

- pH neutral
- Beyond Environmentally safe and friendly
- Water-Based Cleaning Technology
- Contains Enzymes and Microbes that turns fats, oils and greases into harmless CO² and water
